

RG6U Satellite Cable Black 100m

Product Type:
Coaxial Cable

Application:
A 75Ω coaxial cable designed for satellite interconnection purposes.

Specification:

- 1.00mm Conductor
- 5-Cell, semi-air spaced dielectric
- Braided copper and aluminium foil screen
- CPR - Cat Eca
- Coaxial Cable Type: RG6
- Wire Gauge: 20AWG
- Conductor Area CSA: 0.82mm²
- Impedance: 75ohm
- Reel Length (Imperial): 328.08ft
- Reel Length (Metric): 100m
- Jacket Colour: Black
- Jacket Material: PVC
- Conductor Material: Copper Coated Steel
- No. of Max Strands x Strand Size: Solid
- External Diameter: 6.5mm
