

## Portable air conditioning unit

### Specification:

- Portable air conditioning unit that improves cooling efficiency and saves energy.
- Self-evaporate system
- LED display with remote control (requires 2x AAA batteries, not supplied)
- Adjustable fan speeds
- Automatic, motorised swing louvers
- Sleep mode
- Water-full indicator

5,000BTU portable air conditioning unit offers energy efficient, quick, and effective cooling. The unit boasts 4 different operating modes: air conditioning, fan, timer, dehumidifying, and sleep mode. Ideal for effectively cooling spaces from 12m<sup>2</sup> (4x3m) in size. The space-saving, compact unit is ready to use straight out of the box and no permanent installation is required. The unit is fully portable with 4 durable castor wheels, making it easy to transport as required. The remote control and digital control panel allow for quick and easy operation.

- Self-evaporate system
- LED display with remote control (requires 2x AAA batteries, not supplied)
- Adjustable fan speeds
- Automatic, motorised swing louvers
- Side handle
- 24-hour timer
- Sleep mode
- Water-full indicator
- Noise level: ≤65dB
- Cooling capacity: 1.46kW (5000BTU/h)
- Exhaust hose: 150mm Dia x 1.5m (extended)

7,000BTU portable air conditioning unit offers energy efficient, quick, and effective cooling. The unit boasts 4 different operating modes: air conditioning, fan, timer, dehumidifying, and sleep mode. Ideal for effectively cooling spaces from 18m<sup>2</sup> (3x6m) in size. The space-saving, compact unit is ready to use straight out of the box and no permanent installation is required. The unit is fully portable with 4 durable castor wheels, making it easy to transport as required. The remote control and digital control panel allow for quick and easy operation.

- Self-evaporate system
- LED display with remote control (requires 2x AAA batteries, not supplied)
- Adjustable fan speeds
- Automatic, motorised swing louvers
- Side handle
- 24-hour timer
- Sleep mode
- Water-full indicator
- Noise level: ≤53dB
- Cooling capacity: 2.05kW (7000BTU/h)
- Exhaust hose: 150mm Dia x 1.5m (extended)

12,000BTU portable air conditioning unit offers energy efficient, quick, and effective cooling. The unit boasts 4 different operating modes: air conditioning, fan, timer, dehumidifying, and sleep mode. Ideal for effectively cooling spaces from 25m<sup>2</sup> (5x5m) in size. The space-saving, compact unit is ready to use straight out of the box and no permanent installation is required. The unit is fully portable with 4 durable castor wheels, making it easy to transport as required. The remote control and digital control panel allow for quick and easy operation.

- Cooling capacity: 3.52kW (12,000BTU/h)
- Dehumidifying capacity: 28L/24hr
- Air flow: 380m<sup>3</sup>/h
- Sound power level: 65dB (A)
- Energy efficiency ratio (EER): 2.6
- Energy efficiency: Class A
- Fan speeds: High/Low
- Thermostat: 16-31°C
- Recommended room floor area: 16-22m<sup>2</sup>
- Weight: 27kg
- Remote control operated (Requires 2x AAA batteries, not included)
- Main voltage: 220-240V ~ 50Hz
- Rated input power: 1350W
- Power standby mode: 1W

14,000BTU portable air conditioning unit offers energy efficient, quick, and effective cooling. The unit boasts 4 different operating modes: air conditioning, fan, timer, dehumidifying, and sleep mode. Ideal for effectively cooling spaces from 35m<sup>2</sup> (7x5m) in size. The space-saving, compact unit is ready to use straight out of the box and no permanent installation is required. The unit is fully portable with 4 durable castor wheels, making it easy to transport as required. The remote control and digital control panel allow for quick and easy operation.

- Self-evaporate system
- LED display with remote control (requires 2x AAA batteries, not supplied)
- Adjustable fan speeds
- Automatic, motorised swing louvers
- Side handle
- 24-hour timer
- Sleep mode
- Water-full indicator
- Noise level: ≤65dB
- Cooling capacity: 4.1kW (14,000BTU/h)
- Exhaust hose: 150mm Dia x 1.5m (extended)

Code	Description	Dimension
SH01159	5000BTU Portable Air Conditioning Unit	323x688x334mm
SH01160	7000BTU Portable Air Conditioning Unit	323x688x334mm
SH01161	14000BTU Portable Air Conditioning Unit	480x390x780mm
SH01050	12000BTU Air Conditioner with Remote Control and Timer	325x830x370mm
