

Telephone Cable CCS 100m

Product Type:

Telephone Cable

Application:

An internal cable designed for interconnection of communication equipment.

Specification:

- CCS conductors
- conductor area: 0.20mm
- Testing Voltage: 50Hz 1min = 800V
- Conductor resistance: $\leq 700R/km$
- CPR - Cat Eca
- Cable Length: 100m
- Cable Shielding: Unscreened
- Conductor Material: Copper Coated Steel
- Jacket Material: PVC
