

Suppliers of Quality Assured Cables

Telephone Cable CW1308 100m

Product Type:

Telephone Cable

Application:

An internal cable designed for interconnection of communication equipment.

Specification:

- CCS conductors
- conductor area: 0.20mm
- Testing Voltage: 50Hz 1min = 800V
- CPR - Cat Eca
- Cable Length:100m
- Cable Shielding: Unscreened
- No. of Max Strands x Strand Size:Solid
- Conductor Material: Copper Coated Steel
- Jacket Material: PVC
