

## Telephone Cable 5 Pair Black External Use

### Product Type:

Telephone Cable

### Application:

An internal cable designed for interconnection of communication equipment.

### Specification:

- Inner Conductor: Copper conductors
- Nom. conductor area: 0.20mm
- Max. current per core: 0.25A
- Max. working Voltage: 80V
- Cable Shielding: Unscreened
- No. of Cores:10Core
- Conductor Area CSA: 0.2mm<sup>2</sup>
- Insulation:PVC
- Cable Length:100m
- Conductor Material: Copper
- Jacket Material: PVC
